# The WCCC/Pitt Connection Transfer Guide 

## Dear Prospective Transfer Student,

Greetings, and welcome to the online version of the WCCC/Pitt Connection Transfer Guide.

I hope that you find it to be a useful tool as you plan your academic program at WCCC in anticipation of your successful transfer to the University of Pittsburgh. I also encourage you to work closely with both your Transfer Counselor at WCCC and the Office of Admissions and Financial Aid at Pitt as you plan your coursework.

We look forward to your becoming a member of the University of Pittsburgh community and to working with you as you pursue your academic and professional goals.

Good luck with your studies, and remember to keep in touch as you progress toward your transfer to the University of Pittsburgh.

Best Wishes,
Colleen O'Neil
Transfer Counselor
Office of Admissions and Financial Aid

## Using The Pitt Connection Transfer Guide

The Pitt Connection Transfer Guide is a resource designed to assist you with:

- Planning your WCCC coursework
- Maximizing the number of credits you can earn at WCCC
- Learning important information about academic requirements at Pitt

It is divided into several sections. First, you should familiarize yourself with the University's General Transfer Policies. Next, the Bachelor of Arts and Bachelor of Sciences Kenneth P. Dietrich School of Arts and Sciences Degree Requirements section includes a worksheet that you can use to keep track of the courses that you have completed that will satisfy those requirements at Pitt.

The section on Transferable Courses contains an alphabetical listing of all the community college courses that will transfer to Pitt. The WCCC course is listed in the first column, its Pitt equivalent (if one exists) is in the second and third columns, the number of credits it will transfer as is in the fourth column, and the specific Pitt graduation requirement (Foundational Skills, Disciplinary Approaches, or Elective) that it satisfies is in the fifth column. Use this section in conjunction with the worksheet to chart your progress.

There are also sections that include information about transfer to the College of Business Administration, College of General Studies, and the Schools of Computing and Information, Education, Engineering, Health and Rehabilitation Sciences, Nursing, Pharmacy, and Social Work.

IMPORTANT: The provisions and contents of this document are subject to change at any time at the University's sole discretion. It is intended to serve only as a general source of information about the University and is in no way intended to state or imply contractual terms.

# Dietrich School of Arts and Sciences General Transfer Policies 

The Dietrich School of Arts and Sciences offers the degrees of Bachelor of Arts and Bachelor of Science. All natural science majors are awarded Bachelor of Science Degrees. If you complete a major outside the natural sciences, you will be awarded the Bachelor of Arts Degree.

## GENERAL GUIDELINES FOR CREDIT TRANSFER TO Arts and Sciences: All credits available for transfer are subject to the following guidelines.

1. Only courses that have reasonable counterparts in the School of Arts and Sciences curriculum are eligible for transfer (see guideline 6 for exception).
2. The number of credits granted for a given course cannot exceed the number on the transcript from the school where they are earned, nor, usually, can it exceed the number earned in the corresponding course in the School of Arts and Sciences.
3. No transfer credits can be part of the final 30 required for a degree. These must be earned in residence. In interpreting this regulation, credits earned on regional campuses are considered as transfer.
4. All transfer credits must have been earned within 12 years of the date when the Arts and Sciences degree requirements will be completed.
5. All transfer credits are subject to re-evaluation if and when you transfer from one school to another within the University of Pittsburgh.
6. If another school at Pitt transfers a class, it can be transferred to Arts and Sciences in the nonCAS (NONCAS) category. A maximum of 18 non-School of Arts and Sciences (NONCAS) credits may be counted in the minimum of 120 required for graduation.
7. A maximum of 4 physical education credits may be counted in the minimum 120 required for graduation.
8. At least 50 percent of the credits required in your major, certificate, and official minor must be earned in Arts and Sciences
9. Not more than 60 credits may be transferred from a two-year college. No more than 90 may be transferred from a four-year college. If 60 or more credits have been earned at a four-year school, no transfer credit will be granted for credits earned subsequently at a two-year school.
10. If a course for which advanced-standing credit has been granted is repeated, the advancedstanding credit is canceled.
11. Course work earned in approved foreign study programs may not constitute more than 15 of the final 30 credits. These credits are awarded on a Satisfactory/Audit basis. In addition, 30 of the last 60 credits must be earned in residence.

CLEP: CLEP (Credit for Life Experience) credits do not transfer to the School of Arts and Sciences.

## GUIDELINES AND SUGGESTIONS FOR STRUCTURING YOUR CURRICULUM:

The structure of a degree from Arts and Sciences varies depending on your major and how many classes you need to take to fulfill skills and graduation requirements. Typically, Skills and General Education requirements fill from 51 to 68 of the 120 credits required for a degree and your major from 30 to 64 credits.

If you wish to transfer to the School of Arts and Sciences at Pitt in the future, we suggest that you concentrate on the following at your present college:

1. Satisfy the Skills requirements, ie, Seminar in Composition, Algebra, Second Language (algebra and seminar in composition MUST be completed before transfer to Arts and Sciences).
2. Begin taking comparable courses to meet the General Education Requirements.
3. Begin taking the introductory courses in your expected major.

# Bachelor of Arts and Bachelor of Science Arts and Sciences Degree Requirements 

The Dietrich School of Arts and Sciences is committed to providing the best possible education for its undergraduate students. This is best served through a clear and innovative curriculum that provides students with the skills, knowledge, and analytical skills, disciplinary understanding, intellectual curiosity, and creative opportunities that will allow them to engage and adapt in an increasingly diverse and rapidly changing world. Diversity and inclusion are part of the core mission of our school and the university and are key matters for our students and society. Of allied importance is the understanding of complex global issues and different cultures.

The following general education requirements, which form the foundation of a liberal arts education, provides students with the skills, knowledge, and analytical skills, disciplinary understanding, intellectual curiosity, and creative opportunities that will allow them to engage and adapt in an increasingly diverse and rapidly changing world.

## A. Writing

The writing requirement consists of:

1. Workshop in Composition: $\qquad$
2. Seminar in Composition: $\qquad$
3. Writing Intensive courses (2): The W-courses involve a significant amount of writing and are taken by students after they have completed the General Writing requirement. Community college students should take them after they transfer.
B. Quantitative and Formal Reasoning
4. Algebra: $\qquad$
5. Quantitative Reasoning:
C. Second Language (Two-term sequence of the same language equivalent to Pitt number)
6. Level One: $\qquad$
7. Level Two: $\qquad$
A sequence of two courses in a Second Language: All students are required to complete with a grade of C or better two terms of university-equivalent study in a second language other than English. Exemptions will be granted to students who can demonstrate elementary proficiency in a second language through one of the following:
a) having completed three years of high school study of a second language with a grade of $B$ or better in each course;
b) passing a special proficiency examination at the University of Pittsburgh;
c) transferring credits for two terms or more of approved university-equivalent instruction in a second language with grades of C or better;
d) having a native language other than English.
D. Diversity - All students must complete one course that is designated as a Diversity course. Diversity courses may also fulfill another General Education Requirement.
E. Division Requirements in the Humanities and Arts, Social Sciences and Natural Sciences
8. Literature: $\qquad$
9. Arts: $\qquad$
10. Creative Work: $\qquad$
11. Philosophical Thinking or Ethics: $\qquad$
12. Social Science: $\qquad$
13. Historical Analysis: $\qquad$
14. Three Natural Sciences - students must take courses from at least two different departments.
a. Course one: $\qquad$
b. Course two: $\qquad$
c. Course three: $\qquad$

## F. Global Awareness and Cultural Understanding

1. Global Issues: $\qquad$
2. Specific Geographic Region: $\qquad$
3. Cross-Cultural Awareness: $\qquad$

## College of Business Administration

The University of Pittsburgh's College of Business Administration (Pitt Business) awards the Bachelor of Science in Business Administration (BSBA) degree with majors in:

- Accounting
- Business Information Systems
- Finance
- Global Management
- Human Resources Management
- Marketing
- Supply Chain Management

Pitt Business is fully accredited by the AACSB International, the premier accrediting agency for collegiate programs in business. In addition, Pitt Business is ranked a top-25 public undergraduate business program by U.S. News and World Report.

## Transfer Admission to Pitt Business

Admission is available for the Fall (August), Spring (January), and Summer (May) semesters on a rolling basis. To ensure full consideration, please apply as early as possible. The BSBA program may be completed full-time or part-time.

## Transfer Process and Approved Courses

It is recommended that you complete at least 45-60 credits at WCCC prior to transferring to Pitt Business. To best prepare for admission, make sure to take the following courses while you are at WCCC:

- MTH 172 Analytical Geometry and Calculus I (4 credits) or BUS 250 Calculus for Business (3 credits)
- ECN 255 Macroeconomics (3 credits)
- ECN 256 Microeconomics (3 credits)

These courses will transfer to Pitt Business and will be considered heavily in the admissions process. While at WCCC, you may also complete courses that fulfill the Pitt Business general education requirements, as well as take approved business courses.

Other requirements that you may choose to complete while at WCCC are as follows:

- ENG 161 College Writing (3 credits)
- Foreign language (if needed, see language requirement)-a two-course sequence
- English literature-one course
- Music/Art-one course
- Philosophy-one course
- Social Sciences-two courses in two different departments
- Natural Sciences-two courses
- Foreign Culture-two courses
- Introduction to Business course
- Principles of Marketing course
- Accounting courses

WCCC courses approved to meet these requirements are listed on the following pages.

## Admission to Pitt Business

For admission consideration, we suggest that community college students earn a 3.00 cumulative GPA at a minimum. We will also look for strong performance (A's and B's) in the three required courses previously listed (calculus, macroeconomics, and microeconomics) as well as in any other math and business course taken. For admissions purposes, Pitt Business will consider the grade earned in these courses the first time they are taken, without including the effect of course repeats. In addition, performance at all colleges attended will be taken into consideration.

## When scheduling, remember:

- You must earn a grade of 'C' or better in a course for it to transfer.
- You may need to take other math and/or English courses to prepare for calculus and composition courses listed here. In particular, given that you may need to take several math courses prior to taking calculus, we suggest you begin taking math courses early on (preferably in your first semester). Your performance in math coursework will be an important factor in the admissions process.
- If you haven't already fulfilled our foreign language requirement with high school coursework (see Foreign Language Requirements below), you may complete it before transferring to Pitt.
- Because of additional requirements in foreign language and study abroad, students pursuing the global management major are advised to plan for transfer to Pitt Business relatively early on, after 45 credits for example. Students are encouraged to begin foreign language study while at the community college and to contact Pitt Business Admissions about planning for this major. Completion of the global management major is likely to require 5-6 semesters of enrollment at Pitt Business.
- Students planning to pursue the supply chain management major should be aware of significant course sequencing for the major. Completion of the supply chain major is likely to require $5-6$ semesters of enrollment at Pitt Business. Students should plan to transfer relatively early on.

If you have questions about scheduling classes, contact your academic advisor or call Pitt Business at (412)383-9600 or email admissions@business.pitt.edu for assistance.

## Pitt Business General Education Requirements

The WCCC courses below are approved to meet the following Pitt Business general education requirements. The requirement fulfilled as well as the Pitt course equivalent is indicated.

Please note: All courses in the following listing transfer to Pitt and meet the requirement indicated. You will notice that "non-equivalent" transfer credit is sometimes awarded (ENGLIT 0000 for example). This means that the coursework transfers, just not as a specific Pitt course. It does fully meet the specified CBA requirement.

| Writing Requirement |  |  |  |
| :--- | :---: | :--- | :---: |
| WCCC Course | Credits | Pitt Course | Credits |
| ENG 161 College Writing | $\mathbf{3}$ | ENGCMP 0200 Seminar in <br> Composition | $\mathbf{3}$ |

Foreign Language Requirement-fulfilled by 3 years of the same language in high school. Otherwise, levels 1 and 2 of a language in college are required. This is a good requirement to complete before transferring to Pitt. Complete both courses before transferring.
Complete one two-course sequence below.

| WCCC Course | Credits | Pitt Course | Credits |

## School of Computing and Information

The University of Pittsburgh's School of Computing and Information (SCI) opened on July 1, 2017, building upon the traditions of excellence embodied by the Department of Computer Science and School of Information Sciences. SCI aims to position the University as a leader in preparing students for this increasingly-interconnected world by providing students with excellent disciplinary foundations and training to support our mission to make the world a better place through polymathic education and the science of interacting systems. Our degree programs address the holistic spectrum of computing and information, from producers to users and from science-oriented exploration to humancentric applications. We foresee a future with increased opportunities to expose our students to a multidisciplinary approach to knowledge creation, information management, and computing; expanded experiential learning opportunities; and extended career networks.

SCI represents the confluence of computing and information along with diverse academic disciplines, serving as a valuable resource to researchers, students, and organizations across the University and around the world. SCI is a new school for a new era of research and learning, one in which the power of information and computing will accelerate knowledge discovery and creativity.

To be considered for transfer to the School of Computing and Information, applicants must present an adequate lower-level undergraduate academic record and be in good academic standing in the college or school in which they are currently enrolled. Specifically, qualified students typically:

- have completed at least 55 credits (which may include current term credits)
- have an overall GPA of at least 3.0

Additionally, students working towards their first degree at the University of Pittsburgh must be admitted to a SCI degree program. For major-specific admissions requirements, see below.

Deadlines for all applications: August 1 for the Fall Term, December 1 for the Spring Term, April 1 for the Summer Term.

## Computer Science

Our Bachelor of Science in Computer Science (BSCS) degree introduces you to a scientific and practical approach to computation and its applications. In this degree program, you will learn about the theory, experimentation, and engineering that form the basis for the design and use of computers. If desired, you may focus your studies to areas such as artificial intelligence, software engineering, data science, security, or high performance systems.

To be considered for admission to the CS undergraduate program, students must meet the transfer requirements of SCI and complete four of the following CS core courses with a grade of C or better in each course: Intermediate Programming using Java (CS 0401), Discrete Structures for CS (CS 0441), Data Structures (CS 0445), Computer Organization (CS 0447) and Assembly Language and/or Introduction to Systems Software (CS 0449).

Due to limited equivalencies between WCCC and SCI Computer Science course offerings, it is typical for students interested in applying to the Computer Science major to begin their studies in the Dietrich School of Arts \& Sciences.

## Information Science

Our Bachelor of Science in Information Science (BSIS) degree program teaches you how to look at problems holistically, so you not only understand the technology, but also the needs of the people who will be using it. You will gain critical skills and broad, theoretical knowledge in programming principles, database systems, networks, systems design, and more. If desired, you may focus your studies in areas such as game and simulation development, human-centered computing, IT management and data analytics, and networks and security.

To be considered for admission to the IS undergraduate program, students must complete the Introduction to Information, Systems \& Society (INFSCI 0010) and meet the transfer requirements of SCl .

## GENERAL EDUCATION REQUIREMENTS (GERs)

All students are required to complete general education requirements. These courses are meant to provide foundational skills and breadth of knowledge, aiming to provide students with a broad exposure outside of their core discipline of study while encouraging a focus on the application of techniques from the classroom to meaningful problems. A grade of "C" or better is required for ALL transferable credits.

SCI GERs are split into two categories: Skills and Polymathic Context. Skills requirements help ensure that all students attain appropriate levels of competence in writing, communication, and quantitative and formal reasoning. Students may be placed in or exempted from skills requirements based upon certain achievement test scores, University of Pittsburgh placement test scores, or course work completed at other colleges and universities. Skills requirements are outlined below.

SCI degree programs address the holistic spectrum of computing and information, from producers to users and from science-oriented exploration to human-centric applications. The following requirements facilitate the development of a multidisciplinary approach to knowledge creation, information management, and computing by immersing students in a variety of intellectual contexts that are crucial to understanding problems at the confluence of natural, social, and engineered systems to which computing and information skills can be brought to bear.

DIVERSITY: One course taken from the required categories (Skills courses or Polymathic Context) below must satisfy the diversity requirement. Refer to Dietrich School of Arts \& Sciences' "Courses Transferable to the University of Pittsburgh" Table for classes that fulfill the Diversity requirement.

SKILLS - 1. Expression: Complete one course in each of the following three categories.
a. Introductory Composition

| WCCC Course | Pitt Course | Credits |
| :--- | :--- | :---: |
| ENG 161 College Writing | ENGCMP 0200 General Writing | 3 |

b. Technical / Business / Research

| WCCC Course | Pitt Course | Credits |
| :--- | :--- | :---: |
| ENG 163 Business Communication | ENGCMP 0400 Written Professional <br> Communication | 3 |
| ENG 164 Advanced Composition | ENGCMP 0450 Research Writing | 3 |
| c. Communications | Pitt Course | Credits |
| WCCC Course | COMMRC 0520 Public Speaking | 3 |
| SPC 155 Effective Speech |  |  |

SKILLS - 2. Quantitative: Complete one course in each of the following two categories.

## a. Mathematics

| WCCC Course | Pitt Course | Credits |
| :--- | :--- | :---: |
| BUS 250 Calculus for Business | MATH 0120 Business Calculus | 3 |
|  <br> Calculus I | MATH 0220 Analytic Geometry and Calculus 1 | 4 |
|  <br> Calculus II | MATH 0230 Analytic Geometry and Calculus 2 | 4 |
|  <br> Calculus III | MATH 0240 Analytic Geometry and Calculus 3 | 4 |

## b. Statistics

| WCCC Course | Pitt Course | Credits |
| :--- | :--- | :---: |
| MTH 160 Intro to Statistics | STAT 0200 | 3 |

POLYMATHIC CONTEXT - 3. Scientific: Complete an approved two-course sequence and a third natural sciences course.
a. Approved sequences (if only one course is completed in from an approved sequence, it may count toward the non-sequenced science or the sequence may be completed at SCI unless otherwise stated)

| WCCC Course | Pitt Course | Credits |
| :--- | :--- | :---: |
| BIO 155 General Biology I | BIOSC 0050 \& 0150 Foundations of Biology 1 and <br> Lab | 4 |
| BIO 156 General Biology II | BIOSC 0060 \& 0160 Foundations of Biology 2 and <br> Lab | 4 |
| CHM 155 General Chemistry I | CHEM 0110 General Chemistry 1 | 4 |
| CHM 156 General Chemistry II | CHEM 0120 General Chemistry 2 | 4 |
| PHY 155 College Physics I* | PHYS 0110 Introduction to Physics 1 | 3 |
| PHY 156 College Physics II* | PHYS 0110 Introduction to Physics 2 | 3 |
| *If both are completed, students will receive an additional course equivalency: PHYS 0212. | 2 |  |

| PHY 255 Engineering Physics I* | PHYS 0174 Basic Physics for Science and Engineering 1 | 4 |
| :---: | :---: | :---: |
| PHY 256 Engineering Physics II* | PHYS 0175 Basic Physics for Science and Engineering 2 | 4 |
| *If both are completed, students will receive an additional course equivalency: PHYS 0219. |  | 2 |
| b. Non-sequenced: Any course in the natural sciences. |  |  |
| WCCC Course | Pitt Course | Credits |
| CHM 108 Intro Concepts in Chemistry II | CHEM 0910 Chemical Principles for Health Professionals | 4 |
| CHM 264 Chemistry for Health Sciences | CHEM 0910 Chemical Principles for Health Professionals | 4 |
| EPS 150 Astronomy | ASTRON 0089 Stars, Galaxies, and the Cosmos | 3 |
| EPS 160 Earth Science | GEOL 0000 | 3 |
| EPS 163 Introduction to Physical Geology | GEOL 0800 Geology | 3 |
| PHY 107 Applied Physics | PHYS 0081 Space \& Time, Light \& Matter | 3 |
| PHY 153 Introduction to Physics | PHYS 0081 Space \& Time, Light \& Matter | 3 |
| PSY 160 General Psychology | PSY 0010 Intro Survey of Psychology | 3 |
| PSY 163 Physiological Psych | PSY 0505 Intro to Biopsychology | 3 |
| PSY 269 Human Memory and Cognition | PSY 0422 Cognitive Psychology | 3 |

## POLYMATHIC CONTEXT - 4. Ethical and Policy: Complete one course.

| WCCC Course | Pitt Course | Credits |
| :--- | :--- | :---: |
| PHL 160 Introduction to Philosophy | PHIL 0080 Intro to Philosophical Problems | 3 |
| PHL 161 Introduction to Ethics | PHIL 0300 Intro to Ethics | 3 |

## POLYMATHIC CONTEXT - 5. Global and Cross-Cultural Understanding:

Complete at least one course. Five total courses required across Categories 5-7.

| WCCC Course | Pitt Course | Credits |
| :--- | :--- | :---: |

| CPT 213 Java programming II | CS 0401 Intermediate Programming Using Java | 3 |

Courses not listed above 1.) may be evaluated merely for elective credit and 2.) if listed as non-transferable for the Dietrich School, the class will not be transferred.

## SCI TRANSFER POLICIES

Previous course work for transfer students is evaluated by the Records Office with respect to general education requirements. As well, the Records Office liaises with departments to ascertain transfer credit for major-specific course requirements. Before initial registration, students transferring credits will receive an Academic Advisement Report that illustrates the requirements that they have satisfied, and which requirements remain to be satisfied in order to complete their degree. Transfer students may be required to complete one or more placement tests to determine if certain requirements have been met.

Transfer credits are subject to the following conditions:

- An official transcript of all courses taken at other institutions must be submitted at the time of application, whether or not it is intended that such courses be counted toward the degree. For acceptance, courses must be passed with a satisfactory grade (minimum of $C$ or equivalent) and must be earned at an institution accredited by the appropriate regional accrediting association. Grades for such courses are not used in computing a student's GPA nor in determining probationary status or eligibility for graduation honors.
- Generally, courses that have a reasonable counterpart in the curricula of the various schools/departments of the University of Pittsburgh are eligible for transfer.
- The number of credits granted for a course cannot exceed the number on the transcript from the institution where they were earned nor, usually, exceed the number to be earned in the corresponding course at the University of Pittsburgh.
- No transfer credits may be part of the final 30 required credits for the degree. These credits must be earned in residence at the School of Computing and Information. Credits earned at regional campuses and in international programs are considered as transfer credits.
- Credits accepted for advanced standing must have been earned within 12 years of the date when the degree requirements must be completed.
- Transfer credits for courses that do not have reasonable counterparts in the curricula of the various schools or departments of the University cannot be used to satisfy requirements for the degree, unless approved by the director of the undergraduate program.
- No more than 90 credits may be transferred from a four-year institution, and no more than 60 credits may be transferred from a two-year institution.
- If a course for which advanced standing credit has been granted is repeated, the advanced standing credit is canceled.

## College of General Studies

The College of General Studies offers a variety of options leading to a Bachelor of Arts or Bachelor of Science degree. Majors in administration of justice, health services, humanities, legal studies, media and professional communications, natural sciences, public service, and social sciences are offered directly by the college.

This transfer information was prepared to enable students to identify courses that can be applied to the following degrees at the University of Pittsburgh, College of General Studies (CGS):

Administration of Justice<br>Dental Hygiene (degree completion)<br>Health Services<br>Humanities<br>Legal Studies<br>Media and Professional Communications<br>Natural Sciences<br>Public Service<br>Social Sciences

Each course offered at the Westmoreland County Community College (WCCC) has been evaluated, and transferability of each course has been determined. The University of Pittsburgh will accept a maximum of 60 credits from a community college. All courses transfer as lower level, freshman/sophomore level courses. A grade earned in a class taken at WCCC will not replace the grade from an equivalent class taken at the University of Pittsburgh.

Students planning to pursue a major offered through any other school at the University of Pittsburgh should consult the appropriate section of this Pitt Connection Transfer Guide for that school's transfer policies.

If you have any questions, you can contact a CGS Academic Advisor. The college is located on the first floor of Posvar Hall. You can contact the College of General Studies at 412-624-6600 or cgs@pitt.edu.

## Major Programs in the College of General Studies

## Multi-disciplinary majors

Say you're interested in history, but you want a broader major that also includes legal studies and political science. With a multi-disciplinary major, you can study a general area instead of a specific major. Instead of drawing your major courses from one department, you can choose courses from three departments within the central theme.

Multidiscipline programs give students more control and more choices in the courses they take to complete their major. They also allow you to gain several points of view regarding a central subject matter. To satisfy each of these programs students can choose courses from departments within the central theme, with one of the departments representing a majority of the coursework.

## Multi-disciplinary majors:

## Humanities (BA):

As a humanities major, students have the opportunity to enroll in one of two available tracks and take a multidisciplinary approach to their studies by pairing coursework from various humanities departments.

## Humanities Standard (Multidisciplinary) Track -

Choose courses from three of the following departments: Africana studies, classics, communication, English, German, history of art and architecture, linguistics, music, philosophy, religious studies, Spanish, studio arts, theatre arts.

## Pre-Education Track -

This track can incorporate all of the prerequisite coursework needed for admission into the certificate program in comprehensive English education in Pitt's School of Education. This option may be used by students interested in the Master of Arts in teaching programs offered in the School of Education. Completion of the prerequisites does not guarantee acceptance.

## Legal Studies (BA):

This interdisciplinary course of study combines the theories and methods of several social science disciplines and law. It is not designed as a pre-law program; its goal is to enable you to develop an understanding of the nature, content, and operation of American law and legal institutions. Participating faculty members include attorneys practicing in fields of law ranging from criminal prosecution and defense, to environmental law, consumer law, and family law.

Students with GPA of 3.5 or better planning to pursue graduate work may want to consider one of the following early admission options. To students who qualify, the Graduate School of Public and International Affairs offers the five-year BA/MA program. Students pursuing a legal studies major may obtain the Master of Studies in Law (MSL)
degree in a joint program in which credits obtained in the MSL program also count toward the bachelor's degree.

## Natural Sciences (BS):

As a natural sciences major, students have the opportunity to enroll in one of five available tracks completing coursework from various natural sciences departments.

## Natural Sciences Standard (Multidisciplinary) Track -

Choose courses from three of the following departments: anthropology, astronomy, biological sciences, chemistry, geology and planetary science, history and philosophy of science, neuroscience, physics, psychology.

## Pre-Education Tracks -

Two pre-education tracks incorporate all of the prerequisite coursework needed for admission into the certificate programs in Earth and space science and general science. These tracks may be used by students interested in the Master of Arts in teaching programs offered in the School of Education. Completion of the prerequisites does not guarantee acceptance.

## Pre-Medicine Track -

This natural sciences concentration incorporates the course work needed for admission to most medical and dental programs. Completion does not guarantee acceptance into graduate study.

## Pre-Physician Assistant Track -

The pre-PA curriculum is designed for students interested in the Physician Assistant Studies Program at the University of Pittsburgh School of Health \& Rehabilitation Sciences. The pre-PA option incorporates the prerequisite course work necessary for application to the PA program. Completion of the pre-PA plan does not guarantee admission.

## Social Sciences (BA):

As a social sciences major, students have the opportunity to enroll in one of two available tracks and take a multidisciplinary approach to their studies by pairing coursework from various social sciences departments.

## Social Sciences Standard (Multidisciplinary) Track -

This track can be customized to meet your personal interests and career goals. Choose courses from three of the following departments: Africana studies, anthropology, economics, history, Jewish studies, legal studies, political science, psychology, religious studies, sociology, urban studies, gender, sexuality, and women's studies.

## Pre-Education Track -

This pre-education track incorporates the prerequisite science course work needed for admission into the certificate program in social studies education. This option may be used by students interested in the Master of Arts in Teaching (MAT) offered in the School of Education. Completion of the prerequisites for the School of Education does not guarantee acceptance to its programs.

## Professional Majors

In addition to the multidisciplinary programs that are available, the College of General Studies offers professional major programs. Although these are still liberal arts majors, they are more specific in nature and are tailored to a particular course of study or career. For each of these programs, a minimum of at least 30 credits is required in the specific discipline.

## Professional Majors:

## Administration of Justice (BA):

Develop your understanding of the evolution, theory, structure, functioning, and process of change in the system of American criminal justice. Choose one of these four specialized areas: adult and juvenile corrections, law enforcement practice, forensics, or cybercrime. Participating faculty members include attorneys, prison administrators, judges, law enforcement officials, and criminal justice researchers. GSPIA also offers a five-year BA/MA program to students who qualify.

## Dental Hygiene (BS *degree completion only):

If you have graduated from an accredited dental hygiene program, this major provides you with the opportunity to complete a Bachelor of Science degree. Articulation agreements have been established between the College of General Studies and the dental hygiene certificate program with five area community colleges for degree completion for licensed dental hygienists.

## Health Services (BA):

Our health services major is designed to build communication, management, analytical, and leadership skills, while relating all to the health services field. You can choose one of two tracks in this is interdisciplinary course of study:

## Managing Health Services Programs and Projects Track -

Gives students key administrative and business skills with an emphasis on grant and research project management.

Community Health Assessment Track Provides an understanding of the physical, social, and behavioral factors influencing health.

## Health Services (BS):

This major is for health professionals who have completed professional training and would now like to earn a Bachelor of Science degree. Recognition for the professional training you received, including specific transfer credit agreements with community colleges, provide the foundation of your degree.

## Media and Professional Communications (BA):

This major features a dual emphasis on providing students with a rigorous education in the theories of mass media process, history, and ethics, as well as the opportunity to specialize in one of three professional practice areas: corporate/community relations, writing for the professions, or digital media. The three tracks are designed to strengthen both the knowledge base and proficiencies of students pursuing careers in communications fields, such as print, television, radio, film, new media, or corporate/organizational communications. This program will also benefit students pursuing careers in a variety of industries in which communication with internal and external publics is critical.

## Public Service (BA):

This major prepares students for careers that are focused on the resolution of public problems or the delivery of public services at the local, state, national, or international level. Students take a common core and then choose one of three concentration areas: public administration, nonprofit management, or a self-designed concentration. Courses in the public service major are all taught by full-time and adjunct faculty members of the Graduate School of Public and International Affairs (GSPIA). GSPIA also offers a fiveyear BA/MA program to students who qualify.

## College of General Studies Transfer Policies

1. All courses that have equivalent counterparts at Pitt in terms of content and credits in the College of General Studies curriculum are eligible for transfer. The number of transfer credits granted for a given course cannot exceed the number awarded on the transcript of the original school or the number earned for the corresponding course in the College of General Studies.
2. No transfer credits can be part of the final 30 required for a degree. These must be earned in residence. In interpreting this regulation, credits earned on regional campuses are considered as transferable.
3. In accordance with University policy, re-evaluation of credits will be done by the admitting school, when necessary, according to applicable University policy and procedure. The policy applies to all previous credits earned, no matter if they were earned at the University of Pittsburgh or another institution.
4. No more than 60 credits may be transferred from a two-year college. No more than 90 may be transferred from a four-year college. In the case where more than one institution had been attended, the maximum number of credits that may be transferred is determined by the last institution attended. For instance, if the last institution attended is a two-year college, no more than 60 credits may be transferred.
5. If College Level Examination Program (CLEP) credits are used, a combination of CLEP and two-year college credits cannot exceed 60. Official CLEP scores must be submitted.
6. All courses from a two-year college transfer as lower level, freshman/sophomore level courses. A grade earned in a class taken at another institution will not replace the grade from an equivalent class taken at the University of Pittsburgh.
7. If a course for which advanced standing credit has been granted is repeated, the advanced standing credit is canceled. Students planning to pursue a major offered through any other school at the University of Pittsburgh should consult the "Pitt Connection" for that school's transfer policies.
8. A grade of "C" or better is required for transfer.

If you have any questions, you can contact a CGS Academic Advisor at 412-624-6600.

## Requirements for the Degree

Listed below are the requirements for the bachelor's degree in the College of General Studies, and the WCCC courses, which can be used to fulfill these requirements. Students wishing to see a more expanded listing should consult the WCCC/College of General Studies transfer information listed at: www.cgs.pitt.edu/admissions-enrollment/degrees-certificates/transfer/manualsagreements. Articulation agreements and other important information are also listed.

The specific structure of a degree in CGS varies depending upon the major. However, all students must complete certain course requirements. It is suggested you begin your plan of study by taking courses that complete these requirements. If you should want to take any other courses, verify transferability with your WCCC Transfer Counselor or a CGS Academic Advisor.

Course requirements for a degree at the University of Pittsburgh, College of General Studies, are designated under Curriculum Area in the WCCC transfer manual as follows:

ICC = Introductory Composition Course
ALG = College Algebra
QR = Quantitative and Formal Reasoning
DIV = Diversity
SL = Second Language
OC = Oral and Professional Communications
LIT $=$ Literature
ART = Arts
CW = Creative Work
PHIL = Philosophical Thinking or Ethics
SS = Social Science
HIST = Historical Analysis
NS = Natural Sciences
$\mathrm{GI}=\mathrm{Global}$ Issues
SGR = Specific Geographic Region
CCA = Cross-Cultural Awareness

On the following chart, you may fill in the requirements as you complete them.

## GENERAL EDUCATION REQUIREMENTS

Requirements

1. Writing:
A. Introductory Composition Course
B. Writing Intensive Courses (2 Courses)
2. College Algebra
3. Quantitative and Formal Reasoning
4. Diversity
5. Language/Oral Professional Communication:

Option A: Sequence of Two Courses in a Second Language

Option B: Sequence of Two Courses in Oral and Professional Communication
6. Humanities and Arts, Social Sciences, and Natural Sciences:
A. Literature Course
B. Arts Course
C. Creative Work
D. Philosophical Thinking or Ethics Course
E. Social Sciences Course
F. Historical Analysis Course
G. Natural Sciences Courses (3 Courses)
7. Global Awareness and Cultural Understanding:
A. Global Issues Course
B. Specific Geographic Region Course
C. Cross-Cultural Awareness Course Uner

## School of Education (SOE)

## Applied Developmental Psychology

The undergraduate major in Applied Developmental Psychology (ADP) develops the skills and knowledge needed for professional work in child and youth care, education, and other related human service fields. ADP also prepares students for graduate school in such fields as education, psychology, and social work. Coursework includes developmental theory and research covering birth through early adulthood, professional issues, family dynamics, cultural distinctions, disabilities, psychopathology, curriculum and activity planning, practice skills, and supervision.

The undergraduate major in Applied Developmental Psychology (ADP) includes two distinct areas of concentration that lead to a BS degree:

- ADP Traditional
- ADP CASE (Combined Accelerated Studies in Education)

## ADP Traditional Concentration:

The Bachelor of Science in Applied Developmental Psychology is offered through the School of Education. Entrance to the program is at the junior year level, fall term, full or part-time, after earning a minimum of $\mathbf{6 0}$ college semester credits of general education in liberal arts and sciences, which include the prerequisite courses listed on the next page.

The ADP Traditional Concentration is full-time and the curriculum is organized into four terms of upper division (junior and senior year) study. Students in the traditional concentration will participate in a 12 credit internship during their senior year.

## ADP Traditional Prerequisite Courses:

Language and Literacy (6 credits)
Quantitative \& Formal Reasoning (3 or 4 credits)
Humanities ( 6 credits) (no studio or performance courses)
Natural Sciences (3 credits)

Introduction to Psychology (3 credits)
Social Sciences (6 credits)
Non-Western Culture/International (3 credits)
30 credits of electives

For a complete listing of courses that will satisfy prerequisites for the ADP Traditional programs, go to:
http://www.education.pitt.edu/AcademicDepartments/PsychologyinEducation/Programs/Applie dDevelopmentalPsychology/BachelorofScienceBS/Prerequisites.aspx

Deadline: The suggested deadline for fall admission is March 15th, but late applications will be considered if space allows.

## ADP Traditional Admissions Requirements:

(In addition to any OAFA requirements):

- Completed School of Education ADP Supplemental Application
- Interview(s) may be requested by faculty; may also be requested by applicant
- Total of 60 credits of prerequisite coursework
- Three-part, typewritten statement, not exceeding eight pages in length, discussing the following concerns in depth:
- What experience(s) made you select child and youth work as a profession?
- How will knowledge of child development contribute to your professional competence?
- What do you believe is one of the most important contemporary social issues and why?
- Three references, preferably from professionals familiar with the student's experience with children/youth, maturity, work habits, and academic ability.

## Program Contact:

## ADP CASE Concentration:

The ADP CASE Concentration is a five-year program that includes coursework at both the undergraduate and graduate levels. Students successfully completing the program are eligible to apply for Pennsylvania teacher certification in Pre-Kindergarten to Grade 4 and Special Education Pre-Kindergarten to Grade 8. Students will receive two degrees: a Bachelor of Science (BS) in Applied Developmental Psychology and a Masters of Education (M.Ed.) degree in Combined Studies in Early Childhood Education and a Special Area of Concentration.

## ADP CASE Prerequisite Courses*:

*It is very important to note that the CASE option requires an extremely prescribed set of prerequisite coursework.

If a student is interested in this option, it is critical to (a.) know very early on in their college career and (b.) contact the School of Education ASAP (information provided below) for guidance in completing the prerequisites at your current institution.

Details and course suggestions for CASE prerequisites can be found on the School of Education's website at:
http://www.education.pitt.edu/AcademicDepartments/PsycholoqvinEducation/Programs/A ppli edDevelopmenta/Psychologv/ADPCASETeacherPreparation/Prerequisites.aspx

Deadline: The deadline for fall admission is March $1^{\text {st }}$

## ADP CASE Admissions Requirements:

(In addition to any OAFA requirements):

- Completed School of Education Supplemental Application for CASE
- Current Official Transcript(s) with a minimum of a 3.25 GPA and 61 credits earned
- Completion of prerequisite coursework
- A goal statement discussing the applicant's interest in the program and prior experiences working with children and/or youth
- Passing scores on the Pre-Service Academic Performance Assessment (PAPA) www.pa.nesinc.com PAPA Exemptions
- SAT scores no less than 1550, with no individual section under 500 (Critical Reading, Math, or Writing)
OR
- ACT scores with a composite score of 23 or higher accompanied by a combined English/Writing score of 22 and a Math score of 21
- Three letters of recommendation, academic or professional

## School of Education (SOE)

## Health and Physical Activity: Exercise Science and Wellness Specializations

Baccalaureate study in the Department of Health and Physical Activity (HPA) leads to the Bachelor of Science degree and provides specializations in Exercise Science and Well ness. The Exercise Science specialization is appropriate for students anticipating graduate study in exercise physiology or the health sciences. The Wellness specialization prepares students for entry level positions in closely supervised health-fitness programs within education and industry. Students can enter these School of Education programs at the junior year level, fall Term, full or part-time, after earning a minimum of 60 college semester credits, including the following prerequisite classes as listed below.

## Prerequisite Courses (Exercise Science and/or Wellness):

- English Composition equivalent to the University of Pittsburgh general writing requirement (3 credits)
- College level Mathematics course (2 credit minimum) and Statistics (3 credit minimum)
- First level Biology, Chemistry, Physics, and Introduction to Psychology or three out of the four
- Other courses broadly distributed in humanities, social sciences, and natural sciences
- Must engage in positive health-fitness behaviors

Deadline: Students seeking admission for the Fall Term should apply by February $1^{\text {st }}$. Applications received after the deadline will be reviewed provided that remaining space is available in the program.

## HPA Admissions Requirements:

(In addition to any OAFA Requirements):

- Completed School of Education Supplemental Application for HPA
- Current Official Transcript(s) with a minimum of a 2.5 GPA an d60 credits earned
- Completion of prerequisite coursework
- A goal statement discussing interest in the program, degree objectives, and career goals
- Two collegiate letters of recommendation, academic or professional
- Final Applications may be contacted for an interview

# School of Education (SOE) 

Teacher Certification

#### Abstract

The School of Education is dedicated to advancing the field of education by preparing teachers who make a real impact on schools and their students. The SOE offers a variety of teacher certification program options, each of which are completed at the post-baccalaureate level. Several of the teacher certification options offered allows students to earn both teacher certification and a master's degree simultaneously, resulting in ample preparation and maximum marketability. Our teacher certification students range from those who have just completed their undergraduate degrees to those who have been in the workforce and are ready to impart their knowledge and expertise to future generations.

Once you complete the transfer process and are comfortable at Pitt, it would be suggested to reach out to the Office of Admissions and Enrollment Services within the School of Education (contact info listed below). From there, a Graduate Enrollment Manager can serve to augment the work of an academic advisor by recommending courses that fulfill the prerequisites required to enter a teacher certification program of interest. All of our post-baccalaureate teacher certification options have a January $\mathbf{1 5}^{\text {th }}$ application deadline. With the exception of the CASE program, students interested in applying to one of our teacher certification programs would apply during their senior year.

For a complete teacher certification program listing, visit our website at: http://www.education.pitt.edu/FutureStudents/TeacherCertification.aspx
-For further information please contact the SOE Office of Admissions and Enrollment Services:

5500 Wesley W. Posvar Hall
230 South Bouquet Street
Pittsburgh, PA 15260
Phone: 412.648.2230
Email: soeinfo@pitt.edu

## Swanson School of Engineering

Transfer applicants to the Swanson School of Engineering must indicate a specific major. The available engineering majors are:

Bioengineering<br>Chemical Engineering<br>Civil Engineering<br>Computer Engineering<br>Electrical Engineering<br>Engineering Science<br>Environmental Engineering<br>Industrial Engineering<br>Materials Science Engineering<br>Mechanical Engineering

Engineering students may also double major for a joint degree through the Dietrich School of Arts \& Sciences.

The Swanson School of Engineering curriculum is highly structured from the freshman through senior year. We recommend that you follow the curriculum closely, as only courses that are an integral part of your proposed degree program and for which you have earned a "C" grade or better will be considered for transfer.

For transfer admissions consideration, student must have completed a minimum 24 credits appropriate for engineering, including two semester sequences of Calculus, Chemistry, Calculus-based Physics, and Computer Programming in C, C++, or MATLAB. No more than 60 credits will be accepted for transfer from a community college.

Students with a cumulative grade point average of 3.25 or better will be considered for admission to the Swanson School of Engineering. Bioengineering applicants need a cumulative GPA of 3.5 or higher. Transfer students are admitted within the limit of spaces available in the individual departments.

For additional information, please feel free to contact the Swanson School of Engineering at (412) 624-9825 or visit our website at: www.engineering.pitt.edu.

# University of Pittsburgh Swanson School of Engineering Curriculum 

## First-Year Engineering Curriculum

First Term:

| Pitt Course | Credits | WCCC Course |
| :--- | :---: | :--- |
| MATH 0220: Analytic Geometry and <br> Calculus I | 4 | MTH 172-Analytical Geometry \& Calculus 1 |
| PHYS 0174: Physics for Science and <br> Engineering I | 4 | PHY 255-Engineering Physics I |
| CHEM 0110: General Chemistry I | 4 | CHM 155-General Chemistry 1 |
| ENGR 0015: Introduction to <br> Engineering Analysis | 3 | No equivalent |
| Humanities or Social Science Elective | 3 | See Below |

## Second Term:

| Pitt Course | Credits | WCCC Course |
| :--- | :---: | :--- |
| MATH 0230: Analytic Geometry and <br> Calculus II | 4 | MTH 173-Analytical Geometry \& Calculus 2 |
| PHYS 0175: Physics for Science and <br> Engineering II | 4 | PHY 256-Engineering Physics II |
| CHEM 0120: General Chemistry II | 4 | CHM 156-General Chemistry 2 |
| ENGR 0015: Introduction to <br> Engineering Analysis | 3 | No equivalent |
| Humanities or Social Science Elective | 3 | See Below |

Additional Math Options**:

| Pitt Course | Credits | WCCC Course |
| :--- | :---: | :--- |
| MATH 0240: Analytic Geometry and <br> Calculus III | 4 | MTH 271-Analytical Geometry \& Calculus 3 |
| MATH 0280: Linear Algebra | 3 | No equivalent |
| MATH 0290: Differential Equations | 3 | No equivalent |

**Courses recommended for the sophomore through senior years vary according to the specified major. Consult the Swanson School of Engineering bulletin for more information, or call the Swanson School of Engineering at (412) 624-9825.

All engineering programs are subject to change without advance notice.

## Humanities / Social Science Electives

Westmoreland County Community College (WCCC) students are able to complete Humanities and Social Science electives. Since Humanities and Social Science courses are administered by the Dietrich School of Arts \& Sciences (DSAS), the Swanson School of Engineering (SSOE) will transfer courses in accordance with DSAS guidelines previously included in this guide.

For a WCCC course to count as a SSOE Humanities or Social Science elective, the course must transfer as an approved elective on the SSOE Approved Electives List found at: http://www.engineering.pitt.edu/ApprovedElectives/

## English Writing Requirement

To ensure that all engineering students attain a reasonable level of competence in writing, the Swanson School of Engineering requires students to complete two levels of English writing courses. The two levels include 1) a basic English composition course and 2) a course where students will gain specific academic subject area information through a writing intensive course. The writing requirement is further explained below.

## I. Seminar in Composition (ENGCMP 0200)

All students enrolled in the Swanson School of Engineering are expected to complete the University of Pittsburgh's basic English composition course. Westmoreland County Community College (WCCC) students who have earned a grade of a " $C$ " or better ("C-" is unacceptable) in ENG 161 will be given Seminar in Composition (ENGCMP 0200) credit at the University of Pittsburgh.

Students who enter the University of Pittsburgh without taking ENG 161 must take Seminar in Composition (ENGCMP 0200) at Pitt.

Seminar in Composition, whether taken at Pitt or transferred in, cannot be counted as a Humanities / Social Science elective.

## II. Writing Intensive Course

In addition to the composition requirement, all engineering students must take one writing course, designated in the University of Pittsburgh course description listings as "W". Students may fulfill the writing experience requirement by taking a course in any area, including but not limited to Humanities, Social Sciences or Natural Sciences.

Students transferring from a community college must take the writing intensive course at the University of Pittsburgh; therefore, no such courses will be accepted for transfer from a community college.

## Swanson School of Engineering Transfer Policies

1. All courses that have equivalent counterparts at Pitt in terms of content and credits in the Swanson School of Engineering curriculum are eligible for transfer.
2. No transfer credits can be part of the final 30 required for a degree. These must be earned in residence. In interpreting this regulation, credits earned on regional campuses are considered as transferable.
3. Transfer credits need to be earned within 12 years of the date when the Swanson School of Engineering degree requirements will be completed.
4. In accordance with University policy, re-evaluation of credits will be done by the admitting school, when necessary, according to applicable University policy and procedure. The policy applies to all previous credits earned, no matter if they were earned at the University of Pittsburgh or another institution.
5. No more than 60 credits may be transferred from a two-year college. No more than 90 may be transferred from a four-year college. If 60 or more credits have been earned at a four-year college or university, no transfer credit will be granted for credits earned subsequently at a two-year school.
6. If a course for which advanced standing credit has been granted is repeated, the advanced standing credit is canceled.
7. Course work earned in approved foreign study programs may not constitute more than 15 of the final 30 credits. These credits are awarded on a Satisfactory/Audit basis. In addition, 30 of the last 60 credits must be earned in residence; students can request a waiver of the 30 credit policy from the Associate Dean for Academic Affairs.
8. One credit taken at a quarter system school is equal to two-thirds a credit at the University of Pittsburgh. This may affect the ability of a course to transfer. See \#1.
9. Engineering courses must be completed at an ABET certified institution with the exception of approved study abroad courses.
10. Once a student is enrolled in the Swanson School of Engineering, he or she is no longer permitted to take courses at a two-year or community college for transfer credit.
11. The Swanson School of Engineering does not accept CLEP credit for course credits.

The most current listing of SSOE transfer policies can be found at:
http://www.engineering.pitt.edu/First-Year/First-Year/Transfer-Students/Swanson-School-of-Engineering-Transfer-Policies/

## School of Health and Rehabilitation Sciences

The School of Health and Rehabilitation Sciences (SHRS) offers undergraduate majors in Athletic Training (BS), Communication Science (BA), Emergency Medicine (BS), Health Information Management (BS), Nutrition Science (BS) and Rehabilitation Science (BS). SHRS also offers an accelerated Coordinated Program in Nutrition and Dietetics (BS/MS).

For admission, a student must have a minimum of 60 college credits* including specific prerequisite courses. Students should apply to the programs in the spring semester of their sophomore year when coursework is in progress. All admission criteria must be met by the time the program begins in the Fall Term.

General admission criteria include completion of a minimum of 60 credits and a minimum overall and prerequisite GPA of 2.5 with a grade of $C$ or better in all prerequisite courses. To be competitive for admission, a higher GPA is recommended/required for most SHRS programs.

Class size is limited, and students are encouraged to submit applications early. A University of Pittsburgh Transfer Application as well as supplemental information for SHRS must be completed. We highly recommend an appointment with the SHRS Director of Admissions to discuss the application and admission process.

The University of Pittsburgh transfer application and the SHRS supplemental information must be completed by the following deadlines:

- Athletic Training (BS)
- Communication Science (BA)
- Emergency Medicine (BS)
- Health Information Management (BS)
- Nutrition and Dietetics (Coordinated BS-MS) March 15
- Nutrition Science (BS)
- Rehabilitation Science (BS)

For further information:

Fax. (412) 383-6535

March 15
February 15
March 15
Rolling Admissions
March 15
February 15

* 61 credits are required the Coordinated BS-MS in Nutrition \& Dietetics.

## Athletic Training (BS)

This CAATE-accredited program prepares students for certification by the National Athletic Trainers' Association. The curriculum leads to a Bachelor of Science degree in Athletic Training. Graduates are eligible for careers in a variety of clinical sports medicine settings working with active populations, or for further education at the graduate level conducting research central to the practice of sports medicine. Admission is for the Fall Term only. Applicants should have completed 60 credits prior to their first term at Pitt, including the prerequisites listed below. Admission selections are based upon: overall minimum QPA of 2.5; completion of all prerequisites; personal interview; personal qualities important for athletic training (i.e. enthusiasm, motivation, positive health habits, strong work ethic and time commitment). Additional requirements include the completion of prescribed observation hours in on-campus and high school clinic facilities under the direct supervision of a certified athletic trainer. Students should not complete observation hours until they are enrolled in AHTLTR 1812.

Admission is for the Fall Term only. Applicants should have completed 60 credits prior to their first term at Pitt, including the prerequisites below.

PLEASE NOTE: Soon, a master's degree will be required in order to become a certified athletic trainer. The University of Pittsburgh is committed to preparing athletic training students for professional practice and is actively seeking to develop programs to meet this requirement. Such programs are subject to approval by the Provost before students can be admitted.

| Prerequisite Courses: | At WCCC you may take: |
| :--- | :--- |
| Biology with lab (4 credits) | BIO 155 |
| Chemistry with lab (4 credits) | CHM 155 |
| Physics (4 credits) | PHY 155 |
| College Algebra (3 credits) | MTH 158 |
| Statistics (3 credits) | MTH 160 |
| Intro Psychology (3 credits) | PSY 160 |
| Psychology (3 credits) | PSY 161 |
| English Composition (3 credits) | ENG 161 |
| English Writing (3 credits) | ENG 163 or ENG 164 |
| Public Speaking (3 credits) | SPC 155 |
| Basic Athletic Training (3 credits) | Must be taken at Pitt (Pittsburgh campus) |
| Basic Athletic Training Lab (1 credit) | Must be taken at Pitt (Pittsburgh campus) |
| Humanities \& Social Sciences (6 credits) | Any 6 credits from Anthropology, <br> Economics, English Literature/Writing, <br> Foreign Languages, History, Music, <br> Performing Arts, Philosophy, Religion or <br> Sociology noted as transferrable by the <br> Dietrich School. |
| Emergency Medical Technician | Applicants do not need to enroll in a course <br> but *Proof of current Pennsylvania or <br> National Registry EMT certification must be <br> provided. |

## Communication Science (BA)

The Department of Communication Science and Disorders offers the Communication Science undergraduate degree which is designed to prepare students for graduate study in speech-language pathology and audiology. See http://www.asha.org for more information about these professions.

Students can also use this major to prepare for graduate study in related education, health and rehabilitation fields. Listed below are the main general liberal arts, science and related knowledge courses required for the major. Alternative courses can be evaluated on a course-bycourse basis. IMPORTANT: A separate 3 credit hour course is required for each of these areas; no single course can be used to satisfy multiple requirements. Students should aim to have at least two thirds of these requirements completed prior to transferring. The rest can be completed along with the core Communication Science courses in Junior and Senior years.

## Admission is for the Fall Term only.

| Prerequisite Courses: | At WCCC you may take: |
| :--- | :--- |
| English Composition (3 credits) | ENG 161 |
| Writing Intensive Course "W" | ENG 164 or taken at University of <br> Pittsburgh after transfer |

| Statistics (3-4 credits) | MTH 160 |
| Philosophy of Science (3 credits) | To be taken at University of Pittsburgh after <br> transfer |
| Neuro/Cognitive Foundations (3 credits) | To be taken at University of Pittsburgh after <br> transfer |
| Sociocultural Issues (3 credits) | PSY 260; SOC 162, 255 |
| Lifespan/Child Development (3 credits) | PSY 161, 265 |

## Coordinated Program in Nutrition and Dietetics (BS/MS)

Dietitians are the health professionals who apply scientific knowledge to guide people in selecting foods to meet their health needs. The curriculum offers courses in food and nutrition sciences, nutrition therapy and supervised practice experiences that are required for eligibility to take the national registration examination for dietitians.

Applicants should have completed 61 credits prior to their first term at Pitt, including the prerequisites below.

| Prerequisite Courses: | At WCCC you may take: |
| :---: | :---: |
| General Chemistry 1 with lab, 4 credits | CHM 155 |
| General Chemistry 2 with lab, 4 credits | CHM 156 |
| Organic Chemistry 1, 3 credits | CHM 250 |
| Organic Chemistry 2, 3 credits | CHM 251 |
| Foundations of Biology 1 with lab, 4 credits | BIO 155 |
| $\wedge$ ^Foundations of Biology 2, 3 credits | BIO 156 |
| Intro to Microbiology, 3 credits | BIO 265 |
| **Biochemistry, 3 credits | Contact SHRS Admissions Office |
| Algebra (or higher math), 3 credits | MTH 158 |
| Statistics, 4 credits | MTH 160 |
| English Composition, 3 credits | ENG 161 |
| English Writing, 3 credits | ENG 163 or ENG 164 |
| **Introduction to Nutrition, 3 credits | FSM 159 |
| ~Intro to Dietetics, 2 credits | Transfer students may take this Pitt course in the first year of the program |
| ~Food and Culture, 3 credits | Transfer students may take this Pitt course in the first year of the program |
| Introduction to Psychology, 3 credits | PSY 160 |
| Communication Prerequisite, 3 credits | SPC 155, SPC 156 or SPC 157 |
| Business/Economics Prerequisite, 3 credits | ECN 158, ECN 255 or ECN 256 |
| Humanities or Social Science Elective, 3 credits | Choose from courses that satisfy the requirement for Dietrich School |

${ }^{\wedge}$ Genetics is preferred; however, a Biology 2 course with a strong genetics component will fulfill the requirement.
**These courses need to have been completed within the past five years.

## Emergency Medicine (BS)

This program is designed to prepare students for the technical, clinical and administrative challenges in the EMS professions. The dynamic curriculum provides a strong foundation in clinical experiences, educational expertise and administrative leadership.

Admission is for the Fall Term only. Applicants should have completed 60 credits prior to their first term at Pitt, including the prerequisites.

| Prerequisite Courses: | At WCCC you may take: |
| :--- | :--- |
| Natural Science/Psychology (6 credits) | Natural Science: BIO 120, 155, 156, 171, |
|  | 172, CHM 108, 155, 156, 264; EPS 150, |
|  | 160,$163 ;$ PSY 107, 150, 153, 155, 156, |
|  | 255,256 |
|  | Psychology: PSY 160, 161, 163, 167, 260, |
|  | $265,267,268,269,270$ |
| Oral/Written Communication (6 credits) | Written: ENG 161, 163, 164; |
|  | Oral: SPC 155, SPC 156 |
| Math/Statistics/Computer Science (4 credits) | Math: MTH 158, 172, 173, 271; <br>  <br>  <br>  <br>  <br>  Statistics: MTH 160 |
|  | Computer Science: CPT 162, 163, 180, |
| 201, 213, 271 |  |

*Proof of current Pennsylvania or National Registry EMT certification must be provided. If a non-credit course was taken for this certification, 4 credits may be granted through credit by course examination if you have a current PA or NREMT certification.

Senior transfer students: Proof of current Paramedic certification must be provided to receive the advanced standing of 39 credits. If a current paramedic, proof of EMT certification is not required. Currently certified paramedics receiving advanced standing of 39 credits may transfer no more than 51 credits (including required 30 prerequisites and 21 additional coursework credits).

## Health Information Management (BS)

The Health Information Management professional plays a critical role in the successful implementation of electronic health records (EHR) and ensures that providers, health care organizations, and patients have access to the right health information at the right time while maintaining the data integrity, confidentiality, and security. HIM professionals use their expertise in over 40 different work settings such as hospitals, healthcare technology vendors, consulting firms, and insurance companies to name a few. Visit www.AHIMA.org for more information in career paths.

Admission is for the Fall Term only. Applicants should have completed 60 credits prior to their first term at Pitt, including the prerequisites below.

| Prerequisite Courses: | At WCCC you may take: |
| :--- | :--- |
| General Writing (6 credits) | ENG 161, ENG 163 or ENG 164 |
| Psychology (3 credits) | PSY 160 |
| Biology (3 credits) | BIO 120 or BIO 155 |
| College Algebra (3 credits) | MTH 158 |
| Statistics (3 credits) | MTH 160 |
| Public Speaking (3 credits) | SPC 155 |
| Computer Science (6 credits) | CPT 145, CPT 201, CPT 271 |
| Computer Programming (3 credits) | CPT 162, CPT 213; OR ONLY ONE CPT <br> 163 or CPT 180 can transfer |
| Humanities and Social Sciences (6 credits) | Any 6 credits from Anthropology, <br> Economics, English Literature/Writing, <br> Foreign Languages, History, Music, <br> Performing Arts, Philosophy, Religion or <br> Sociology noted as transferrable by the <br> Dietrich School. |

## Nutrition Science (BS)

Students will learn to apply the science of food and nutrition to the well-being and health of people. Nutrition Science graduates will be able to implement the knowledge and skills learned in the program to various positions within industry, government, academia and NGOs. This may include working on food and nutrition labeling laws, creating better food products and supplements and helping to educate others about the importance of nutrition. In addition, graduates of the Nutrition Science program will be prepared to further their education in the health professions including professional graduate programs in nutrition, medicine, and dentistry among others.

Admission is for the Fall Term only. Applicants should have completed 60 credits prior to their first term at Pitt, including the prerequisites below.

| Prerequisite Courses: | At WCCC you may take: |
| :--- | :--- |
| Biology 1 with lab (4 credits) | BIO 155 |
| Biology 2 (no lab required) (3 credits) | BIO 156 |
| Microbiology (3 credits) | BIO 154 |
| Chemistry 1 with lab (4 credits) | CHM 155 |
| Chemistry 2 with lab (4 credits) | CHM 156 |
| Organic Chemistry 1 (no lab required, <br> 3 credits) | CHM 250 |
| Organic Chemistry 2 (no lab required, <br> 3 credits) | CHM 251 |
| English Composition (3 credits) | ENG 161 |
| English Writing (3 credits) | ENG 163 or ENG 164 |
| College Algebra or Higher Math (3 credits) | MTH 158 |
| Intro to Psychology (3 credits) | PSY 160 |
| Genetics (3 credits) |  |
| Statistics (4 credits) | MTH 160 |
| Intro to Human Nutrition (3 credits) | FSM 159 |

## Rehabilitation Science (BS)

The major in Rehabilitation Science is designed to prepare students for graduate education in areas such as physical therapy, occupational therapy, prosthetics and orthotics, physician's assistance, rehabilitation counseling, wellness and human performance, rehabilitation technology, as well as for graduate and professional studies in other areas of health care.

Admission is for the Fall Term only. Applicants should have completed 60 credits prior to their first term at Pitt, including the prerequisites below.

| Prerequisite Courses: | At WCCC you may take: |
| :--- | :--- |
| Biology with lab (4 credits) | BIO 155 |
| Chemistry with lab (4 credits) | CHM 155 |
| Physics with lab (4 credits) | PHY 155 |
| College Algebra or higher (3 credits) | MTH 158 |
| Applied Statistics (3 credits) | MTH 160 |
| General Psychology (3 credits) | PSY 160 |
| Developmental Psychology (3 credits) | PSY 161 |
| English Composition (3 credits) | ENG 161 |
| Writing Intensive (3 credits) | Course materials will need to be evaluated to <br> determine fulfillment of writing intensive <br> requirement |
| Humanities and Social Sciences (6 credits) | Any 6 credits from Anthropology, Economics, <br> English Literature/Writing, Foreign <br> Languages, History, Music, Performing Arts, <br> Philosophy, Religion or Sociology noted as <br> transferrable by the Dietrich School. |

We recommend students interested in graduate programs in health sciences should complete any additional prerequisites in biology, chemistry and physics while enrolled in WCCC.
However, some of these courses can also be completed while enrolled in the Rehabilitation Science program.

## School of Nursing

Two categories of students may be qualified to apply to the University of Pittsburgh's School of Nursing. The GN/RN applicant or a student currently enrolled and taking classes in a college or university, who desires a Bachelors of Science in Nursing (BSN) Degree.

The RN Options - Early Admission to MSN or DNP curriculum is designed for registered nurses, who obtained their nursing education through either a diploma or an associate degree program, to complete their nursing education with a Bachelor of Science in Nursing (BSN) on the way to earning a graduate degree (MSN or DNP). For more information about the RN Options program please go to the website http://www.nursing.pitt.edu/degree-programs/rn-options-early-admission-msn-or-dnp.

The pre-licensure student interested in obtaining the nursing education that leads to a Bachelors of Science in Nursing (BSN) degree, and eligibility to take the National Council Licensure Examination (NCLEX) to become a registered nurse (RN), may apply to the School of Nursing. Admission to the School of Nursing is very competitive.
Transfer students at least must have twenty-four (24) college credits at the time of application, admission will be based, in part, on the college academic record and on the high school academic record. All applications will be reviewed and decisions will be made based on the student's academic success and consideration of the number of seats available in the class. A 3.5 GPA or better from the previous institution is required for the applicant to be considered. As a transfer applicant, you must have successfully completed a general chemistry course with a lab at either the high school or college level, preferably with a B or better.

Admission to the School of Nursing for all transfer students is to the freshman class. It will usually take four (4) additional years to complete the nursing program once admitted unless admission to the sophomore year is granted. A limited number of spaces are available at the sophomore level and admission for these seats is very competitive.
Admission decisions for these spaces are made separately, subsequent to admission to the freshman class. Once you have been admitted to the freshman class, your records will be reviewed for your eligibility to be considered for a sophomore space. You may begin to fulfill the liberal arts and the elective requirements while at another institution, thereby reducing the credit load for some terms. English Composition, Psychology, Sociology, Culture (Anthropology, History, etc.), Public Speaking, Statistics, Creative Work and/or general electives are recommended courses. Courses need to be of a 0100 level or greater and a "C" grade or better need to be obtained for liberal arts course credit transfer.

The following courses marked with an asterisk (*) must be included in these credits, and classes that may be completed for this coursework at WCCC are noted - with suggestions for classes that will meet the requirement for sophomore status eligibility. Other coursework noted for freshman year are the liberal arts and the elective requirements mentioned earlier.

## University of Pittsburgh School of Nursing Curriculum

FRESHMAN YEAR
FALL TERM*

| Pitt Course: | Credits | At WCCC you may take: |  |  |  |
| :--- | :---: | :--- | :---: | :---: | :---: |
| *CHEM 0910 Chemistry for the <br> Health Professions | 4 | CHM 264 or 107 \& 108 |  |  |  |
| *NUR 0012 Human Anatomy and <br> Physiology 1 | 3 | BIO 171 |  |  |  |
| *NUR 0002 Nursing A\&P 1 Lab | 1 | Lab Required |  |  |  |
| English Composition | 3 | ENG 161 or 164 |  |  |  |
| Introduction to Psychology | 3 | PSY 160 |  |  |  |
| Total |  |  |  | $\mathbf{1 4}$ |  |

## SPRING TERM*

| Pitt Course: | Credits | At WCCC you may take: |  |  |  |
| :--- | :---: | :--- | :---: | :---: | :---: |
| *NUR 0031 \& NUR 0032 <br> Microbiology 1/lab | 4 | BIO 265 (lab required) |  |  |  |
| *NUR 0013 Anatomy and <br> Physiology 2 | 3 | BIO 172 |  |  |  |
| ${ }^{*}$ NUR 0003 Nursing A\&P 2 Lab | 1 | Lab Required |  |  |  |
| * NUR 0088 Intro to <br> Basic Statistics for EBP | 3 | MATH 160 |  |  |  |
| NUR 0051 Introduction to <br> Professional Nursing | 3 | NA |  |  |  |
| Total |  |  |  | $\mathbf{1 4}$ |  |

Other Liberal Arts Courses

| Pitt Course: | Credits | At WCCC you may take: |
| :--- | :---: | :--- |
| Anthropology/U.S./Foreign <br> History or Culture | 3 | Any history, U.S. or Foreign <br> cultural course above 100 level |
| Sociology | 3 | Any Sociology course above 100 (but <br> not 255$)$ |
| Speech | 3 | SPC 155 |

Certain aspects govern the advanced credits allowed for transfer courses. After admission to the School of Nursing, an official transcript of courses taken in other accredited universities or colleges must be submitted to the University of Pittsburgh School of Nursing Office of Student Affairs and Alumni Relations. When requested, course descriptions or course outlines must be submitted to Student Affairs to determine course equivalency at the University of Pittsburgh. The credit transferred for any course can be no greater than the credit given at the University of Pittsburgh. Only courses with letter grades of " $C$ " or better may be transferred. Science courses must have been taken within the last ten years with a grade of " B " or better unless there have been unusual circumstances.

IMPORTANT: As you plan your coursework at WCCC in preparation for transfer to the School of Nursing, keep in mind that the nursing curriculum at the University of Pittsburgh does allow for a limited number of general electives in history, American or foreign culture, art, music, literature, math, and philosophy at the 100 level or above. Please contact the Office of Student Affairs and Alumni Relations in the School of Nursing prior to course selection either by phone at (412) 624-4586 or email at sao50@pitt.edu.

## School of Pharmacy

The School of Pharmacy offers a four-year professional pharmacy program leading to the Doctor of Pharmacy Degree (PharmD). The program is six years in length and configured in a program of study that requires two years of pre-professional courses and four years (nine terms) of professional courses.

Applicants for admission to the School of Pharmacy must be eligible for admission to the University and have successfully completed, or be in the process of completing, all prerequisite mathematics and science subjects no later than the spring term of the year of admission. All other pre-professional courses must be completed prior to the fall entry into the professional program. All courses must be taken for a letter grade.

The minimum requirements for consideration for admission to the School of Pharmacy's professional program are:

1. Completion of the pre-pharmacy requirements
2. Quality point average of 3.0
3. Completion of the PharmCAS Application and application fee
4. Submission of the PCAT scores by the application deadline

The Pharmacy College Application Service (PharmCAS) Application must be completed and submitted by January 7th to be considered for Fall admission. Please visit www.pharmacy.pitt.edu for information on the deadlines and application.

## Office of Student Services

## School of Pharmacy

904 Salk Hall
Pittsburgh, PA 15261
412-383-9000
http://www.pharmacy.pitt.edu/

The following is the recommended distribution of courses for the first two years (preprofessional) of study toward the Doctor of Pharmacy Degree (PharmD):

| First Term | Third Term |
| :--- | :--- |
| Biology I (3 credits) | Organic Chemistry I (3 credits) |
| Biology I lab (1 credit) | Organic Chemistry I lab (1 credit) |
| General Chemistry I (3 credits) | Statistics (4 credits) |
| General Chemistry I lab (1 credit) | Electives (see below for suggestions) |
| Calculus (4 credits) |  |
| English composition (3 credits) |  |
| Total Credits: $\mathbf{1 5}$ or $\mathbf{1 6}$ | Total credits: $\mathbf{1 7}$ |

| Second Term | Fourth Term |
| :--- | :--- |
| General Biology II (3 credits) | Organic Chemistry II (3 credits) |
| General Biology II lab (1 credit) | Organic Chemistry II lab (1 credit) |
| General Chemistry II (3 credits) | Electives (see below for suggestions) |
| General Chemistry II lab (1 credit) |  |
| English composition (3 credits) |  |
| Electives (see below for suggestions) |  |
| Total Credits: $\mathbf{1 4}$ | Total Credits: 12 |

## Distribution of Electives should be as follows:

Humanities (8 credits from two different departments, such as Africana Studies, Classics, Communication, English, Film Studies, History of Art and Architecture, History and Philosophy of Science, Foreign Language, Linguistics, Music, Philosophy, Public Service, Religious Studies, Studio Arts. And Theatre Arts)

Social Sciences (8 credits from two different departments, such as Anthropology, Economics, Gender, Sexuality, and Women's Studies, Geography, History, Jewish Studies, Legal Studies, Political Science, Psychology, and Sociology)

## School of Social Work

To transfer to the Bachelor of Arts in Social Work major in the School of Social Work, a quality point average of 2.5 based on 4.00 is preferred (students with less than a 2.5 gpa will be reviewed for provisional admission) and you must have completed a minimum of 60 credits, distributed as follows:

Humanities - 9 credits in classes such as Communications, Foreign Languages, Literatures, Philosophy, Music, and Theatre Arts

Social Sciences - 9 credits in classes such as Anthropology, Black Studies, Economics, History, Political Science, and Sociology

Natural Sciences - 9 credits in classes such as Biological Sciences, Chemistry, Computer Science, Geology and Planetary Science, Physics, Psychology

Other Courses - preferably in the social sciences (33 credits)
Students who are seeking to transfer must submit a transfer application to:

## University of Pittsburgh <br> Office of Admissions and Financial Aid

## 4227 Fifth Avenue

Alumni Hall
Pittsburgh, PA 15260
Transfer students must submit official transcripts of all courses taken at post-secondary educational institutions, colleges, universities, etc., whether or not it is intended that such credits be counted towards a degree. To be accepted, credits must be evaluated and recommended by the faculty advisor and approved by both the program director and the associate dean. If the student is admitted to the program, the advanced-standing credits are not used for future computation of the QPA.

All credits eligible for advanced standing are subject to the following limitations:

- Credits earned by the student at another institution will be accepted only if the quality of the credits earned is at least a C grade or better, per University of Pittsburgh Transfer Credit Policy.
- Academic credit for field work will be awarded only for field work completed at an undergraduate social work program accredited by the Council on Social Work Education when such work is evaluated as entirely comparable.
- Courses for which credit is sought must correspond with those offered by the University of Pittsburgh in objectives and content, as explicated in the University of Pittsburgh's The Pitt Connection.
- The number of credits reduced or granted for a given course can neither exceed the number on the official transcript from the School where they were earned, nor the number earned in the corresponding course at the University of Pittsburgh.
- No transfer credits can be part of the final thirty credits required for the BASW degree. The final thirty credits must be earned in residence at the University of Pittsburgh.
- All transfer credits are subject to re-evaluation if and when the student transfers from one school to another within the University of Pittsburgh.
- Not more than 90 credits may be transferred from four-year schools and no more than 60 credits can be transferred from two-year schools. This decision is made on the basis of the last school attended, according to the University of Pittsburgh Transfer Credit Policy.
- If a course for which transfer credit has been awarded is repeated, the transfer credit is cancelled and the student must enroll in another course to make up those transfer credits.
- Transfer credits awarded by the University of Pittsburgh's College of General Studies from the College Level Examination Program (CLEP) will be accepted consistent with the aforementioned policies.
- Transfer credits awarded by the University of Pittsburgh's College of Arts and Sciences for advanced placement will be accepted consistent with the aforementioned policies.
- Consistent with the Council on Social Work Education's Educational Policies and Accreditation Standards, the School of Social Work's BASW Program does not grant transfer credits or exemptions for prior life or employment experience.
- Transfer credits for liberal arts courses in which the student has received a C grade or better do not have a statute of limitations, though the BASW Program reserves the right not to accept liberal arts courses for transfer if the content is deemed outdated.
- Transfer credit for social work courses in which the student has received a C grade or better must have been completed within the previous seven academic calendar years at a social work program accredited by the Council on Social Work Education when such work is evaluated as entirely comparable.
- Transfer credits will be calculated by the Student Services Specialist assigned to the BASW Program, and included in the student's permanent record prior to registration for the Spring Term following the student's matriculation into the BASW Program.
- A student may appeal a negative ruling regarding transfers credit to the Academic Review and Academic Integrity Committee, following the procedures described in the Student Handbook for filing student grievances.

Applicants will be evaluated on:
A. Overall academic record
B. Three letters of reference
C. Individual response to a three-part question

For an admissions application and supplemental application materials, contact the Office of Admissions and Financial Aid. For further information, contact:
